Employment History

Sandra Bright is currently employed at IBM, a computer company. She started working at IBM on January 1, 2004, and her last day of work was on January 1, 2023. When she started her employment, her job title was a programmer, but she is currently a manager. Her employment duties include turning computers on and off, and she typically works 40 hours a week. Sandra's salary is \$1,000,000 per year, with an hourly rate of \$1,000. She also receives overtime pay, typically amounting to \$100.

Sandra mentioned that she likes her job because it provides her with a high income. However, she also mentioned that she does not enjoy working with computers.

Medical History

Before the injury, Sandra was being treated for both physical and mental/emotional conditions. However, the specific details of these conditions were not provided.
