Employment History

Mr. Jeffery's current employer is IBM, a company in the computer industry. He began working for IBM on January 1, 2004, and his last day of work was on January 1, 2023. When he started his employment, his job title was a programmer, but he is currently a manager. His employment duties include turning computers on and off, and he typically works 40 hours a week. Mr. Jeffery's salary is \$1,000,000, with an hourly rate of \$1,000. He receives overtime pay, typically amounting to \$100.

When asked about his job, Mr. Jeffery mentioned that he likes it because of the high salary. However, he also stated that he does not like computers.

Medical History

Before the injury occurred, Mr. Jeffery was being treated for physical and medical conditions. He mentioned that he couldn't walk and was experiencing depression. He was taking morphine as a medication before the injury.

Injury Details

Mr. Jeffery reported multiple injury dates, including January 1, 2004, February 1, 2014, and March 1, 2022. When asked to describe the injury, he mentioned that he hates his boss and that his boss is mean to him. Further details about the injury were not provided.

Current Status

The report ends abruptly, and it appears that the remaining portion of the answer was cut off. The information about whether Mr. Jeffery currently receives any form of compensation or benefits related to the injury is missing.
