## Employment History

Mr. Jeffery's current employer is IBM, a company in the computer industry. He began working for IBM on January 1, 2004, and his last day of work was on January 1, 2023. When he started his employment, his job title was a programmer, but he is currently a manager. His employment duties include turning computers on and off, and he typically works 40 hours a week. Mr. Jeffery's salary is \$1,000,000, with an hourly rate of \$1,000. He receives overtime pay, typically amounting to \$100.

When asked about his job, Mr. Jeffery mentioned that he likes it because of the high salary. However, he also stated that he does not like computers.

## Medical History

Before the injury occurred, Mr. Jeffery was being treated for physical and medical conditions. He also received treatment for mental or emotional conditions and experienced emotional symptoms. Specifically, he mentioned that he had difficulty walking and was experiencing depression.

Mr. Jeffery was taking morphine as a medication before the injury.

## Injury History

Mr. Jeffery reported multiple injury dates, including January 1, 2004, February 1, 2014, and March 1, 2022. He described the injury as being related to his dislike for his boss and the mistreatment he received.

## Current Status

The report does not provide information about Mr. Jeffery's current status or whether he is currently receiving any benefits or compensation.
